The School refers to all staff and students in St Mary's School, which includes the Early Years/Foundations Stage (EYFS), the Preparatory Department (Years 1-6), Senior House (Years 7-11) and the Sixth Form (Years 12-13).

## LEGAL REFERENCES

This policy operates within a wider national framework, which includes:

- The Regulatory Reform Order (Fire Safety) 2005
- Education School Premises Regulations 2012

## RELATED POLICY

This policy should be read in conjunction with:

- Fire Risk Assessment
- Health and Safety Policy
- Fire Prevention Policy

## GENERAL PROCEDURE

In the event of the fire alarm being heard, immediate evacuation of the buildings must take place.

All girls and staff, including catering, administrative and caretaking employees, should leave the building without delay via the designated exits. Everyone must leave the buildings in **SILENCE** (It is the responsibility of all staff to ensure that the girls are in silence) and people should make their way to the designated assembly point (the Hockey Pitch). In the event of a fire in buildings adjacent to the Hockey Pitch, Cedar Lawn would be used.

Girls should line up in their forms. Form tutors should go to the assembly point to check in with the Registrar (or the Head of Preparatory Department as appropriate) and to collect the clipboard with the appropriate form list. They should then join their form and check off the girls. If staff are teaching in another part of the school i.e. Prep Department they should still register their form as normal and be checked by the section of the school they normally work in.

Only girls physically present should be marked on the list which should be returned to the Registrar. The names of missing pupils will be checked against the signing out book and list of the day's absentees. Normally it will be the responsibility of the form tutor, or deputy, to register the form. If neither is present in School, the Registrar will ask another teacher to do it.

The Registrar should then confirm with the Deputy Head that the checking is complete.

Peripatetic music teachers should go with their pupils to the assembly point. All Peripatetic teachers and other visitors should report to the Registrar who will report to the Deputy Head.

The Fire Group Leader is indicated in bold on each section of the signing in/out register. The group leaders are responsible for checking that the members of staff in that group are checked and then report to the Head's PA who will report to the Deputy Head once it is complete.

No-one is to return to any building until specifically allowed to do so.

This policy is summarised around the school site via posters. This can be seen on Appendix A.
